

## **Changes in the new PRAG version concerning the Competitive negotiated procedures and Single tender procedures carried out for service contracts**

The Managing Authority (MA) of the Bulgaria-Serbia IPA Cross-border Programme would like to inform the beneficiaries about one of the most recent changes in the Practical Guide to contract procedures for EU external action (PRAG) concerning the **Competitive negotiated procedures and Single tender procedures for service contract**.

According to the new version of PRAG (p.68) *"the Contracting Authority draws up a list of at least three service providers of its choice. The candidates are sent a letter of invitation to tender accompanied by a tender dossier. The specific annexes for **simplified tenders shall be used (procurement notice, tender form, admin grid, contract form, list of invited tenderers and invitation letter)**, for this procedure as well as for the single tender procedure".*

Additionally, MA would like to remind the beneficiaries that in case of conduction of single tender procedure the respective Contracting Authority must prepare a report (annex A10\_b *Negotiation report for single tender procedures*) in order to ensure that the basic principals relating to the procedure such as checking compliance with eligibility rules (nationality rules), capacity to carry out the contract and exclusion criteria are duly applied.

To see the updated version of the PRAG please refer to the following link:
