Project partners:

- **Lead partner:** PC „Directorate for Development, Urban Planning and Construction“ Knjazevac, Serbia
- **Project partner 2:** European Perspectives, Vidin, Bulgaria
- **Project partner 3:** Regional Center for Sustainable Development and Entrepreneurship Timok Zajecar, Serbia

Budget: 142 602,50 €
Project duration: 12 months

Project description:

The project envisioned and achieved the following results:

- Conducted training on the use of thermography in construction with special equipment procured under the project;
- Performed thermography analysis for 30 buildings in both countries and a report was made for each of the building examined;
- Energy efficiency in the cross-border region seminar conducted and additional consultations were held with 41 volunteering institutions, building owners, and companies;
- A comprehensive publicity and media campaign was implemented, including: four press conferences, preparation and broadcasting of TV spot, 6 press releases, distribution of a variety of promotional materials and creation of a project web site;
- Organization of a final press conference with 115 participants.

The project was successfully completed in April 2014.

The Programme is co-funded by the European Union.
