Project name: MORE SYNERGY BETWEEN HIGHER AND SECONDARY EDUCATION IN INFORMATICS, COMPUTING AND ELECTROTECHNICS

Project partners:

- **Lead partner:** Faculty of Electronic Engineering, University of Nis, Serbia
- **Project partner 2:** University of Library Studies and Information Technologies, Bulgaria

Budget: 170 453,97 €
Project duration: 12 months

Project description:

The project envisioned and achieved the following results:

- The total of 924 teachers from border regions had been trained during 15 training seminars;
- Two major 'Open Day' events had been organized in Nis and in Sofia and international pupils' competition had been organized;
- Linkages between institutions were strengthened through partnership agreements and long-term cooperation agreements;
- Number of participants in all events and activities exceeded planned numbers, because of great identified importance to local communities of project activities: 15.5% more teachers trained in 50% more seminar events, in the regional and international competition participated 3.5 times more pupils than expected, while twice as many had interest to participate. Open Day events were visited by 38% more pupils and teachers than initially planned.

The project was successfully completed in January 2014.

The Programme is co-funded by the European Union.
