

Bulgaria-Serbia IPA Cross-Border Programme  
CCI Number 2007CB16IPO006

**Project number:** 2007CB16IPO006-2011-2-78  
**Project name:** ENERGY EFFICIENT SCHOOLS – OUR CHILDREN DESERVE IT  
**Project partners:**  
▪ **Lead partner:** Organisation Technological Vocational High School "Marie Curie", Bulgaria  
▪ **Project partner 2:** Faculty of Mechanical Engineering, University, Serbia

**Budget:** 133 932,95 €  
**Project duration:** 12 months

**Project description:**

The project envisioned and achieved the following results:

- Conducting survey among pupils in order to get insight into their awareness level related to topics like energy efficiency, environmental protection, sustainable development;
- Innovative software solution for estimation of energetic, environmental and economic benefits and project identification related to energy efficiency was developed and accompanied with a manual. The software is incorporated into the common web site for energy efficiency in the schools, developed under the project: <http://ees.masfak.ni.ac.rs>
- Organized 4 trainings on energy efficiency in schools;
- Implemented a promotional campaign for the project including: elaboration of brochures, posters, banners, small promotional gifts, organization of two conferences and production of a video clip.

The project was successfully completed in December 2014.

The Programme is co-funded by the  
European Union.
